May 26, 2020

Hello parents and guardians!

Thank you for your patience as the Golden History Museum & Park has waited to see what guidelines officials would put into place for summer programs. We know you have been anxious to hear about the decision and so have we!

Due to restrictions put into place by the state and county we are unable to resume operations before June 15, 2020. This is a best-case scenario and could change at any moment. Either way, Hands-on History camp will not move forward until mid-June at the earliest.

We need to ensure that our health and safety protocols are securely in place before we bring campers into our facilities and that means we have a few more weeks of work ahead of us. We appreciate your understanding on this.

Given the situation, the following options are available as you make your summer plans:

- We can credit your registration purchase to next summer and you will have first picks of 2021 dates
- We can transfer your current registration to a later session in the summer (if spaces are still available)
- We can give you a full refund OR
- If you are able, consider donating your registration to the Golden History Museum & Park

We wish we had better news to share but we will work to accommodate you as best we can.

We are continuing to seek guidance from city and county officials and will keep everyone updated about the remaining weeks of camp as soon as we make any decisions.

If you have questions or concerns, please let us know by emailing us ([education@goldenhistory.org](mailto:education@goldenhistory.org)). We'd be happy to talk to you.

We send all of our support and best wishes to you and your family and friends. Stay safe and well. We hope that we get to see you all again soon!

Best,
